

Colorful Abstract Painting

Grade: High School

Students will create drawings using cups or saucers. The students connect lines of semicircular shapes to create wave forms which are then colored in.

WHAT YOU NEED:

Pencils

Watercolor paper

Any available object to trace

Color pencils or crayons

Watercolors

Teacher Asks:

Draw or trace a big shape in the middle.

Add seven or more lines from the shape to the edge of the page to create sections.

Fill each section outside of the shape with designs. Shapes and lines make the best designs.

Add color pencils or crayons inside the designs.

Color each section and center with watercolor
