Virtual Music Field Trips

How it works: Here are a few fun virtual “field trips” you can take with your student(s). These are short trips that explore how things like orchestras, radio stations, TV stations, and concerts work.

After watching you can do a quick Q&A to see what the student noticed, heard, and learned. Or you can skip the questions and just enjoy the field trip!

What You'll Need: A computer, tablet or smart phone with internet access.
