

# Musical Clothes

## Grades 1-4

This game is a bit like musical chairs, but a little more fun!

**How It Works:** Fill a bag full of clothes (silly hats, crazy patterned shirts, etc.). Play some music and have your student(s) dance or walk in a circle. When the music stops, the child goes to the bag and with their eyes closed, picks out a random item and puts it on.

If you have more than one student, they can pass the bag back and forth until the music stops. The student left holding the bag picks an item from it and puts it on. The game ends when the bag is empty.

**What You'll Need:** A bag of clothes and accessories and a music player (smartphone, computer, stereo, etc)
