

HOT POTATO DANCE GRADES 5-12

Needed Materials: bean bag

Instructions: For this game, you will put the students in a circle and a bean bag (potato) will be passed from student to student while the music plays. When the music stops, whoever is left holding the “potato” is out. However, before the music starts back up again, the teacher has to call out a movement (jump, wiggle, march, move body side to side, or clap hands) and the students have to execute the movement while passing the “potato” around.
