

How to Draw a Camel

Difficulty-Beginner (K-12)

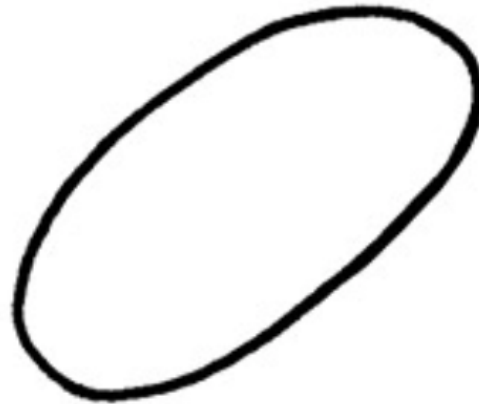

You will need:

- Paper
- Something to draw with (pencil, pen, marker, or whatever you'd like!)
- Colored pencils, crayons, or markers to color in your camel

Step 1

Start by drawing the camel's head. It should look like a diagonal oval.

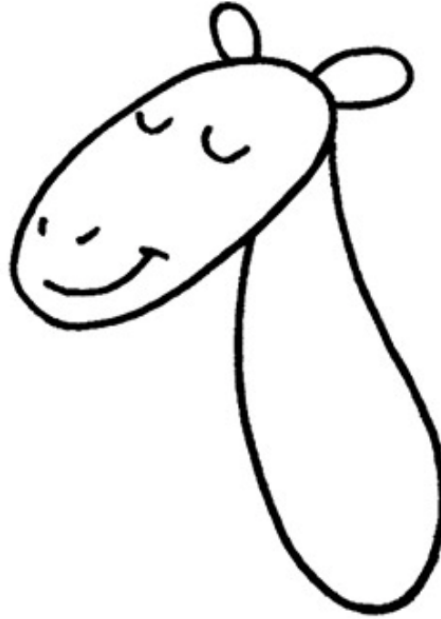

Step 2

Next, draw the camel's face. Draw 2 ovals at the top for the ears. Draw 2 semi circles for the eyes. At the bottom, draw 2 small lines for the nose, and a curved smile line underneath.

Step 3

Draw a long oval for the camel's neck.

Step 4

Next, draw the camel's body like this. Make sure you give it 2 humps!

Step 5

Now draw the details on the camel's humps.

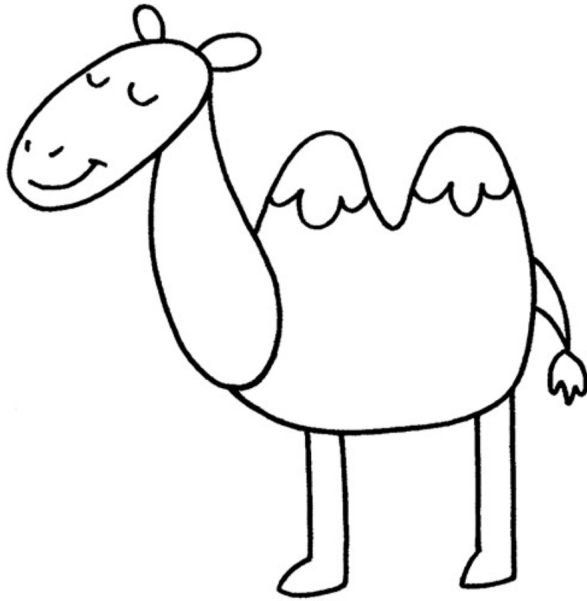

Step 6

Draw the camel's tail like this. It's a curved triangle with a ponytail shape at the end.

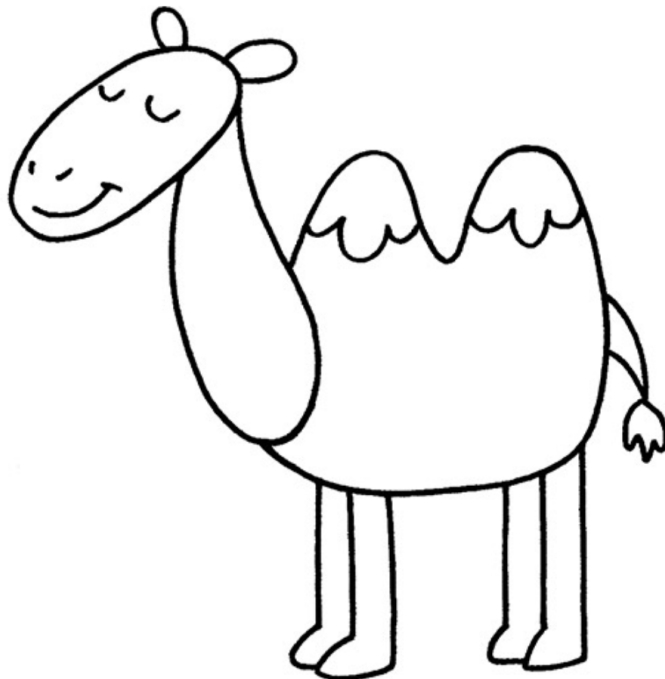

Step 7

Draw 2 legs underneath the camel. Make sure to add in the shape of the hooves.

Step 8

Next, draw the other 2 legs to the left of the legs you just drew.

Step 8

Finally, it's time to color in our camel! Have fun with it, and give your camel a name if you wish!
