

# How to Draw a Gnome

Difficulty-Beginner (K-12)

**You will need:**

- Paper
- Something to draw with (pencil, pen, marker, or whatever you'd like!)
- Colored pencils, crayons, or markers to color in your gnome

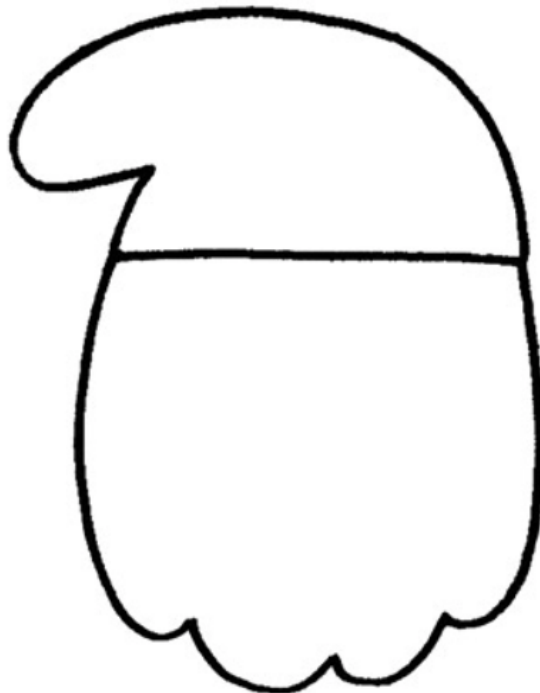

## Step 1

Start by drawing gnome's hat. It should be curved to the left as shown below.

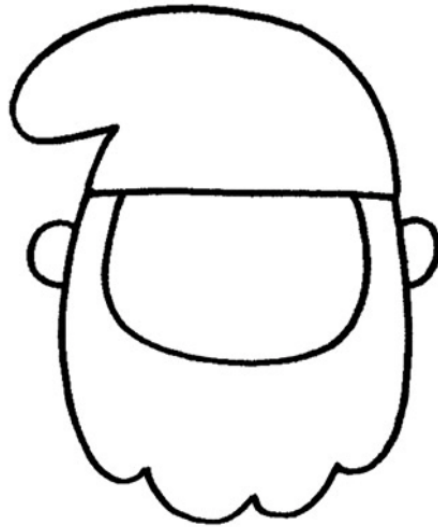

## Step 2

Next, draw the gnome's beard below it using semicircles at the bottom.

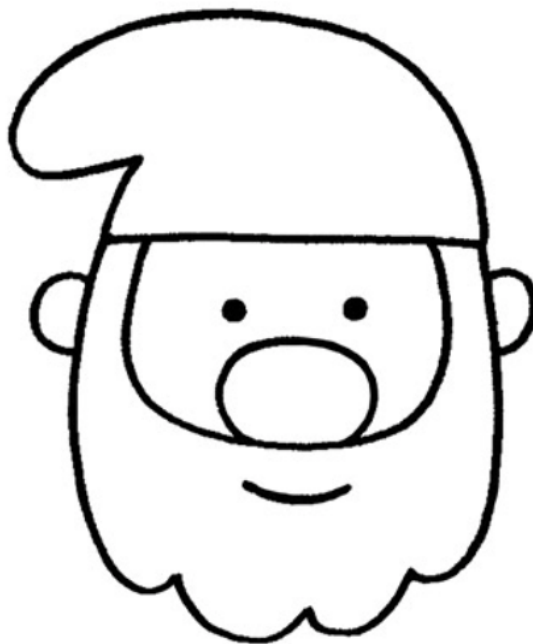

### Step 3

On both sides of the beard, draw 2 semicircles for the ears.

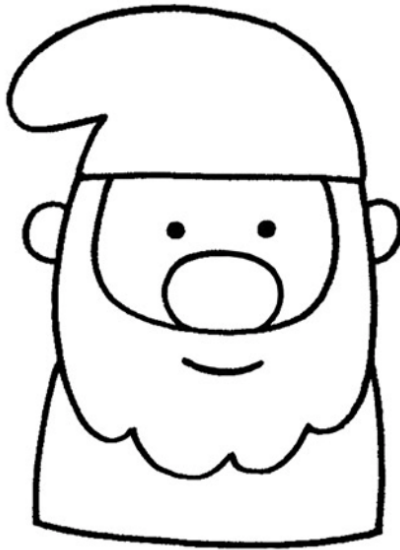

### Step 4

Next, draw 2 dots for the gnome's eyes. Draw a large circle underneath for the gnome's nose. Under the nose, draw a curved line for his smile.

## Step 5

Now draw the gnome's body like this. Remember, gnomes are short! Don't make his body too large.

## Step 6

Draw the gnome's 2 arms on both sides of his body using curved lines.

## Step 7

Draw lines on the arms to give him hands. Draw 2 ovals under the body for his feet.

## Step 8

Time for color! Gnomes are known for their red hats, but feel free to use whatever colors you would like. Have fun with it!
