

How to Draw a Pizza

Difficulty-beginner (K-12)

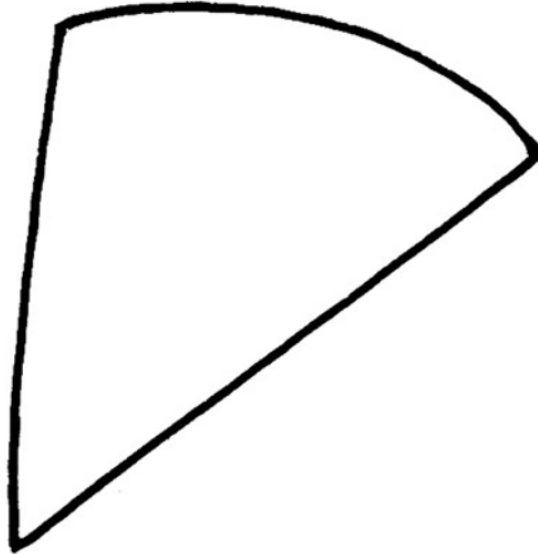

You will need:

- Paper
- Something to draw with (pencil, pen, marker, or whatever you'd like!)
- Colored pencils, crayons, or markers to color in your pizza

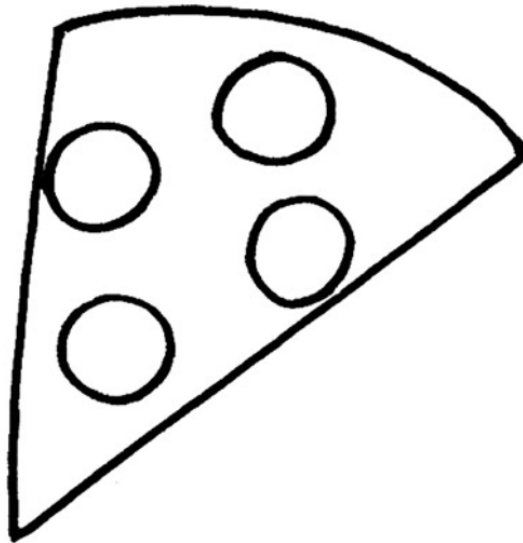

Step 1

Start by drawing a triangle.

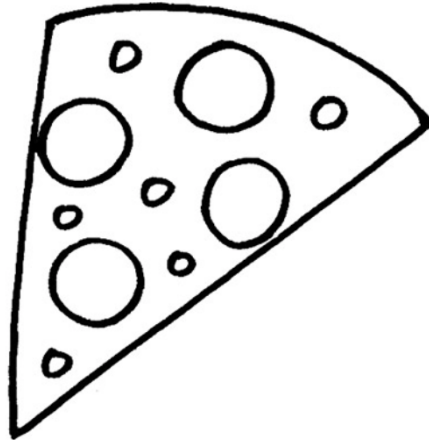

Step 2

Now draw some circles for the pepperonis!

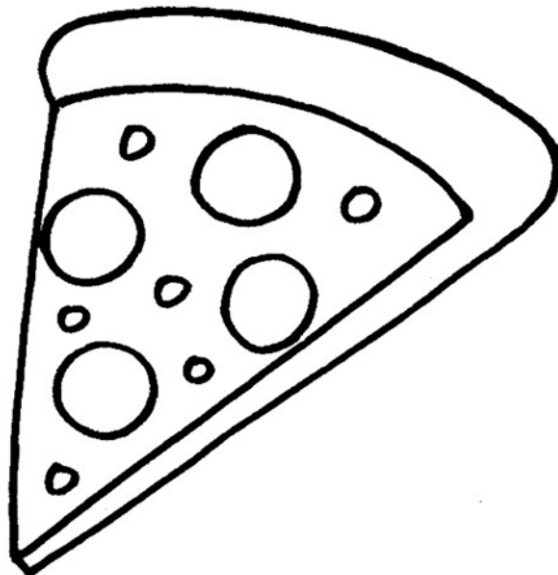

Step 3

Now draw some smaller circles for the olives. Remember, you can add any toppings you'd like on your pizza. Mushrooms, pineapple, and peppers are some examples of things you can draw on your pizza.

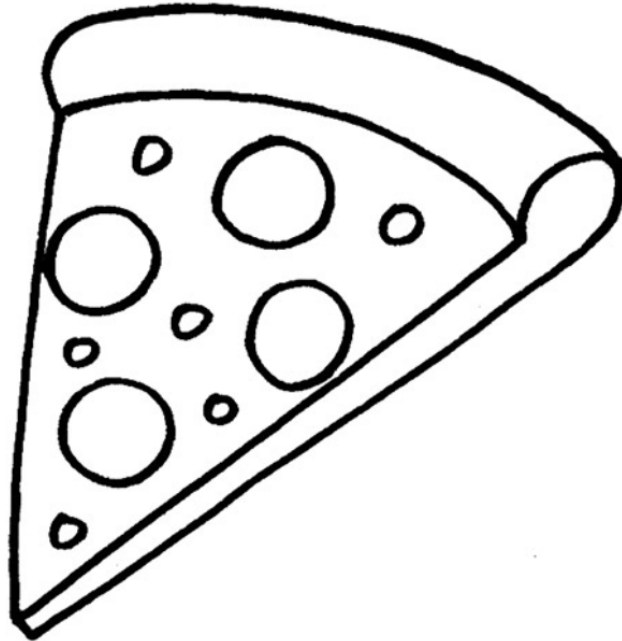

Step 4

Next, let's draw the crust. Make a curved line like this on the top of the pizza, and bring it down to the right side of the pizza slice.

Step 5

Now draw a curved line at the top right corner of the crust.

Step 6

Now let's add color! Make the cheesy part yellow, and color in your toppings.
